

Eastman Auto & Power unveils One Stop & wide range of solar solutions at Intersolar Expo 2025

- *Eastman Auto & Power is leading the charge in solar by driving Energy Aatmanirbharta*

Gandhinagar, 21st February 2025: Eastman Auto & Power, a leading provider of power solutions, marked a significant milestone at the Intersolar Expo, held at the Helipad Exhibition Centre in Gandhinagar. The expo provided a platform for Eastman to showcase its cutting-edge solar technology and reinforce its commitment to a sustainable energy future for India.

Eastman's interactive booth highlighted state-of-the-art solar solutions designed to accelerate India's renewable energy transition. Visitors experienced firsthand how the company's products address the increasing demand for clean, efficient, and affordable energy.

Mr. Shekhar Singal, Managing Director of Eastman Auto & Power Ltd said, *“The Intersolar Expo is a pivotal platform that allows us to demonstrate our unwavering commitment to solar energy and its transformative potential. With strong backbone of inhouse manufacturing & backward integration, we are at the forefront of innovation in Solar Energy Products. We're excited to present our innovative solutions that cater to diverse energy needs, empowering homeowners, businesses, and communities to embrace a cleaner future. Our goal is to drive India towards energy independence, steering the nation towards energy Aatmanirbharta through One stop Solution to all consumers”*

Key products showcased by Eastman Auto & Power at the Intersolar Expo included:

- **Grid Tie Inverters:** A comprehensive range of high-efficiency Grid Tie Inverters ranging from 3 KW to 110 KW with Single Phase & Three Phase combination. These inverters seamlessly convert solar energy into usable electricity for homes and businesses, maximizing energy savings and reducing reliance on the grid.
- **Solar Inverters:** Solar inverters ranging from 1.4 KVA to 10 KVA provide reliable backup power solutions, ensuring uninterrupted electricity supply during outages or for off-grid applications.
- **Bifacial Solar Panels:** The innovative Bifacial Solar Panels including DCR & NON DCR which harness sunlight from both sides, significantly increasing energy generation and maximizing efficiency.
- **Eastman Solar TT Batteries:** Eastman Solar TT Batteries (150Ah to 260 Ah) offer high-performance energy storage solutions, ensuring a consistent and reliable power supply for solar systems.

Eastman Auto & Power is dedicated to empowering Indian consumers with clean, reliable, and affordable energy solutions. From residential and commercial applications to electrifying rural communities, the company is committed to making a tangible difference by providing end-to-end Solar Products. The company's participation in Intersolar Expo 2025 underscores its active role in shaping India's renewable energy landscape. The company is dedicated to collaborating with industry and government stakeholders to accelerate the transition to a sustainable energy future.

About - Eastman Auto & Power Ltd:

Established in 2006 Eastman Auto & Power Limited (EAPL), is an innovator in the energy transition space addressing both energy generation and utilization. As a leading power solutions provider, Eastman specializes in Last Mile E-Mobility Solutions, Solar Solutions and Continued Energy Solutions. EAPL offers a diverse range of energy value propositions, including technology-agnostic storage solutions and a wide range of power conversion products for solar and backup applications.

The company employs over 3400 people and operates eight manufacturing units across India. It has 25GW annual manufacturing capacity with a presence in 50+ countries. Known as the largest manufacturer of solar tubular batteries in India, Eastman and sister brand Addo, serve over 400 OEM partners through a robust

distribution network of over 1000+ distributors across India, ensuring widespread availability and after sales service of its products through 3300+ service partners and reach over 350 districts across the country.
