

Eastman Auto and Power Ltd. Showcases Innovations at Renewable Energy India Expo 2024 and The Battery Show 2024

- *Eastman aims to provide effective solutions that cater to the distinct needs of residential, commercial and Industrial segments*

New Delhi, 7th October 2024: Eastman Auto and Power recently participated in the Renewable Energy India Expo 2024 and The Battery Show India 2024 held from 3rd to 5th October at India Expo Mart, Greater Noida. This premier event brought together industry leaders, innovators, and policymakers to discuss the future of renewable energy and highlight the latest advancements in the field.

Eastman showcased an impressive array of advanced technologies aimed at improving energy efficiency and promoting sustainability. Highlights included:

- Announcement on two new ranges of Off-grid Solar Inverters Solar Smart and Solar SmartMAX
- Solar PRO MAX Inverters utilizing MPPT technology, ranging from 500VA to 10KVA, also featuring a 36-month product warranty and a 10-year transformer warranty
- Solar PRO Inverters with PWM technology, available in capacities from 850VA to 2KVA, featuring a 36-month product warranty and a 10-year transformer warranty
- Grid Tie Inverters ranging from 2.2KW to 50KW, backed by a 10-year warranty.
- Mono PERC Half Cut & Bi-facial Mono Twin Perc Solar Panels from 125W to 550W, offering a 10-year product warranty and a 25-year performance warranty, available in both DCR and NON-DCR options.
- Solar Batteries from 120Ah to 260Ah, with warranties ranging from 6 to 10 years

Mr. Shekhar Singal, Managing Director of Eastman Auto & Power Ltd, commented on the event's success, stating, *"Our participation in the Renewable Energy India Expo 2024 and The Battery Show India 2024 was a great success for Eastman Auto and Power. It allowed us to connect with other industry peers and share our innovations in Solar Rooftop and Last Mile E-Mobility Solutions and engage in meaningful discussions about the future. Looking ahead, Eastman is strategically focusing its efforts and investments in Solar Rooftop Solutions business, New Chemistries for Energy Storage alongside its core Last Mile E-Mobility Solutions"*

As the renewable energy sector continues to evolve, Eastman Auto and Power remains committed to driving innovation and sustainability. Brand's focus will remain on developing state-of-the-art solar and *Last Mile E-Mobility Solutions* that meet the diverse needs of the consumers.

About - Eastman Auto & Power Ltd:

Established in 2006, Eastman Auto & Power Limited specializes in Last Mile E-Mobility Solutions, Continued Energy Solutions and Solar Rooftop Solutions. With a dedicated workforce of over 3600 professionals spread across six manufacturing units and corporate offices, the company plays a pivotal role in local employment generation. Eastman products are sold in more than 50 countries globally. Eastman is committed to sustainability and recognizes the profound impact clean energy has on the well-being of individuals and communities.

As a responsible brand, Eastman integrates environmentally friendly practices into its operations and product development to support a better lifestyle for everyone. This commitment involves reducing carbon emissions, minimizing waste, and utilizing renewable resources wherever possible.
